CMS Announces Relief for Clinicians Participating in the Quality Payment Program in 2020

In response to the 2019 Coronavirus (COVID-19) public health emergency, the Centers for Medicare & Medicaid Services (CMS) is announcing flexibilities for clinicians participating in the Quality Payment Program (QPP) Merit-based Incentive Payment System (MIPS) in 2020.

Clinicians significantly impacted by the public health emergency may submit an Extreme & Uncontrollable Circumstances Application to reweight any or all of the MIPS performance categories. Those requesting relief via the application will need to provide a justification of how their practice has been significantly impacted by the public health emergency.

Reminder: In April, CMS added a new COVID-19 clinical trials improvement activity. There are two ways MIPS eligible clinicians or groups can receive credit for this new improvement activity:

- A clinician may participate in a COVID-19 clinical trial and have those data entered into a data platform for that study; or
- A clinician participating in the care of COVID-19 patients may submit clinical COVID-19 patient data to a clinical data registry for purposes of future study.
